HOWEVER, INFERNO, YOU HAVE FORGOTTEN...
THAT THE ONLY PERSON I ALLOWED TO CALL ME BY THAT NAME IS—
GEHENNA.
I REMEMBER A LONG TIME AGO...
IF OTHER DEMONS CALLED YOU BY THAT NAME YOU WOULD IMMEDIATELY ATTACK THEM.
OF COURSE I WAS NO EXCEPTION

CALL YOU THAT NAME FOR A LONG TIME?
THAT I CONTINUED TO...
BUT I THOUGHT ...
THAT IS BECAUSE YOU WERE STRONGER THAN ME, INFERNO.
WERE...? PAST TENSE...

SO DOES THAT MEAN YOU ARE STRONGER...
THAN MY PRESENT SELF?

Note: Version 2

Eastern Hell:

It seems there was some confusion in what name went with what title. It turns out the Eastern hell is the Hell of Light (said with Inferno's Title). Sorry for the mistake. The following chapters will state light in stead of Obliteration.

Thanatos:

Our first translation of his title states Molar of the Death God (chapter 6). We will stick with that name considering it is pretty epic. The direct translation states Wisdom Teeth/molar etc of the Messenger/Ambassador etc. Ambassador has different words that symbolize it, one of which translates to death god. Most likely this is the reason for that title being used before.
